DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 3-6, 14-16, 22, 24-28, and 30 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Bergstrom #5,046,894. Bergstrom discloses a garment assembly comprising a belt having a center portion (generally near 113, see fig. 8) including a cover member 59. The belt member adapted to be attached to a garment such as a buoyancy compensator.

Furthermore, the provision of weight members to the belt is an obvious matter of design choice, since it is well known to provide weight members on dive belts to control diving underwater.

Allowable Subject Matter

3. Claims 7-10 and 17-21 are allowed.
4. Claims 11-13, 23, and 29 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
